FAQ

Can I use this product at an IFBB competition?

Yes, you can. It was developed with the best Italian team athletes and IFBB in Italy authorized Winner Tan to print its logo on the label.

Am I allowed to apply my color backstage?

No, you aren't. You have to apply it before going back stage. Once there, you can put your posing oil anyway.

Who will check the color at the competition?

An official will check the tan of all athletes backstage and if the tan comes off by simply wiping, the athlete will be told to remove the tan before going on stage. Athletes that wore tan that could "rub off" will be given a few minutes to remove their tan completely and return to the stage for their division.
